Summary

Dedicated software developer skilled in both front-end and back-end development, specializing in React.js. Recently excelled in a role as a low-code developer, leveraging React and Node.js to craft bespoke components and custom functionalities for a no-code platform. Proficient in agile methodologies, with a track record of delivering high-quality solutions within tight deadlines. Passionate about leveraging technology to drive innovation and enhance user experiences. Strong problem-solving abilities coupled with excellent communication skills, enabling effective collaboration with cross-functional teams. Eager to apply expertise in React.js and low-code development to contribute to impactful projects and drive organizational success
